## ONSPA

PEAK POWER MANAGEMENT  
TIME OF USE CONTROL

COMPLETE CONTROL FROM ANYWHERE IN THE WORLD

Once activated, onSpa@ with WebConnect allows the user to:

Adjust basic spa functions, such as:

- Turn pumps on or off
- View current status:
  - Heating cycle
  - Filtration cycle
  - Economy Mode
- View current, and adjust temperature
- Turn lighting systems on/off or cycle colour and patterns

## SPA BOY WATER CARE MADE EASY

(Optional)

Spa Boy, quite simply is game-changing - removing the only real downside left remaining to hot tubbing! So relax, enjoy your Arctic Spas to its fullest potential, and leave water maintenance to your own, personal Spa Boy!
